 to today's working methods, owing to their fragility. A new typeface had
 to be found with a design that corresponded to today's taste. Therefore
 we have created Apolline, a modern and elegant typeface, both practical
 and robust... In recent years, a new tendency has become manifest in the
 decorative arts. While the simplicity of the lines has been preserved, the
 straightness is yielding and a distinguished elegance is coming into its own
 again. Typography has not been neglected in these developments, which
 have been expressed by an obvious reversion to certain styles. However,
 most of the existing types were old-fashioned and not adapted to today's
 working methods, owing to their fragility. A new typeface had to be found
